Each morning: sleeps in x 2 morning
 1st Estrus, Aug / Sept → ~10 days long
 Bump on top of head - resolved

(A) Nipples enlarged mammary glands papate
 (NO) not hot or swollen.
 clear thick mucus in consistently expressible
 from nipples.
 vaginal vault → mp discharge → cytology →

(11) Hormonal, cystic ovarian dz, persistent
 or large estrus - UTE, vaginitis

(R) declined UA, UCS in bank
 cytology of vaginal discharge

cytology: could be consistent
 w/ proestrus

metformin neoblasts TMC
 no bact, non cornified
 vaginal epith. cells -
 no RBC -

Discussed option:
 : OVH now -

Wine eval for UTE
 no Abx at this time → no heat seen
